EDUCATION

CENTURION UNIVERSITY OF TECHNOLOGY AND MANAGEMENT

2020 – 2024

Computer Science Bachelor of Technology - CGPA - 8.2

Odisha , India

Professional Summary

Full Stack MERN Developer (1.5+ Years Experience): Experienced in building **scalable web applications** and **high-performance REST APIs** using **MongoDB, Express.js, React.js, Node.js, and TypeScript**. Skilled in **JWT Authentication, RBAC, and Razorpay Integration**. Proficient in **Next.js** and **Tailwind CSS** for **responsive UI development, performance optimization, and delivering secure, production-ready solutions**.

EXPERIENCE

DB Skills

Jan 2026 - Present

Full Stack Developer

Chennai, India

- Develop and maintain modern, user-friendly web applications using the **MERN Stack (MongoDB, Express.js, React.js, Node.js)**.
- Build clean and responsive front-end interfaces using **React.js** and **Tailwind CSS**.
- Design and implement secure and scalable backend systems using **Node.js, Express, and MongoDB**.
- Convert business ideas into functional products by solving real-world problems through efficient coding practices.
- Continuously learn and adopt new technologies to improve performance, scalability, and user experience.

Yodiso India Pvt Ltd

June 2024 - Dec 2025

Associate MERN Stack Developer

Mumbai, India

- Developed and maintained responsive web applications using the **MERN Stack (MongoDB, Express.js, React.js, Node.js, Next.js)**.
- Designed clean, user-friendly interfaces that **improved user engagement by 60%**.
- Built and optimized scalable **RESTful APIs**, **reducing backend response time by 70%**.
- Implemented code reviews and **Git version control best practices** to maintain high code quality.

MothersonSumi INFotech Designs Limited (MIND)

June 2023 – August 2023

Project Intern 

Noida, India

- Developed a **Resume Analytics Web Application With Complete Ownership of Both Frontend and Backend Development**.
- Created **RESTful APIs using Python (Flask)** and Handled routing, Data Processing, and Error Handling.
- Built responsive and dynamic user interfaces using **HTML, CSS, and JavaScript**.
- Designed and integrated the backend database (**SQLite/MySQL**), ensuring efficient data storage and retrieval.
- Deployed the project Locally and performed testing to **Ensure Cross-Browser Compatibility and Performance**.

PROJECTS

Coworking Space Management System | [MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Next Js.](#)

- Built a full-stack **Coworking Space Management System** with a responsive frontend and modular backend using **React, Node.js, Express.js, and MongoDB**, enabling real-time bookings, payments, and **workspace discovery across 4+ cities**.
- Implemented secure role-based authentication (**RBAC**) for **Admin, Manager, and Store Manager** using **JWT**, ensuring access control and data integrity.
- Integrated **Razorpay Payment Gateway with Real-Time Transaction Validation, Webhook Handling, and PDF Invoice Generation**, resulting in a **75% increase in successful payments** and improved transaction reliability. **Sent automated confirmation emails** to users upon successful booking, enhancing communication and trust.
- Built a CRM with lead tracking, status management, and user assignment workflows to **improve lead conversion handling by 70%**.
- Developed an Interactive **Admin Dashboard with Revenue Analytics, Booking Visualization, and Filtering Capabilities** to enhance operational decision-making.

Pink City Tour (Travel Website) |

HTML, Tailwind CSS, Bootstrap, JavaScript.

- Designed and developed a **responsive travel website** to showcase tour packages and destinations using HTML, CSS, Bootstrap, and JavaScript.
- Built a **clean and modern UI/UX** with smooth navigation, enhancing user experience across all devices.
- Implemented **mobile-first responsive design** and ensured **cross-browser compatibility** for seamless performance.
- Optimized website performance for **fast loading speed** and improved overall **user engagement**.
- Delivered a **professional online presence**, increasing brand visibility and user interaction.

Here4Trip (Travel Booking Platform) |

HTML, Tailwind CSS, Bootstrap, JavaScript.

- Built a **responsive travel booking platform UI (Here4Trip)** to showcase destinations, packages, and inquiry-based booking sections.
- Designed a **modern, conversion-focused interface**, improving user navigation and overall engagement.
- Developed **clean and responsive layouts** using HTML, CSS, Bootstrap, and JavaScript.
- Implemented **mobile-friendly design** and ensured smooth navigation across all devices.
- Enhanced overall **user experience**, contributing to a more effective and **user-centric booking flow**.

FITNESS POINT 4U |

HTML, Tailwind CSS, Bootstrap, JavaScript, Laravel.

- Developed a **Responsive Fitness Service Platform (Fitness Point 4U)** with booking flows and **Admin-Based Content Management**, improving overall service accessibility.
- Integrated **Laravel backend** to manage services, bookings, and dynamic content efficiently, ensuring smooth data handling and scalability.
- Built **Clean and Responsive User Interfaces** using HTML, CSS, Bootstrap, and JavaScript, enhancing user experience across devices.
- Designed a **Feature-rich Admin Panel** to streamline service updates, booking management, and operational workflows.
- Improved **Operational Efficiency** and enhanced **user experience** for at-home fitness and therapy bookings through optimized UI and booking processes.
- Enhanced platform performance with **Responsive Design Principles**, improving usability and engagement across mobile and desktop users.

TECHNICAL SKILLS

Frontend Development: React.js, Next.js, JavaScript, Tailwind CSS, HTML, CSS

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication, RBAC, Razorpay Integration

Programming Languages: JavaScript, TypeScript, Java, Python

Databases: MongoDB, MySQL, SQLite, Firebase

SEO & Web Optimization: Search Engine Optimization (SEO), Performance Optimization

Tools & Platforms: Git, GitHub, VS Code, Postman, Thunder Client, Eclipse, AWS

CERTIFICATIONS

- Technology Virtual Experience Program - **Deloitte Australia**
- Developing CRUD Application using FASTAPI Python, MongoDB - **Udemy**
- SQL (Intermediate) Certificate - **HackerRank**
- TCS iON Career Edge Young Professional by - **TCSIQN**

EXTRACURRICULAR

- Taught Basic C++/DSA in offline Mode.
- Member, Google Developer Student Clubs (GDSC)
